

Chemical Biology Summer Program (ChBSP)

A 10-week chemical biology research experience on the NYC campuses of Memorial Sloan Kettering Cancer Center, Rockefeller University & Weill Cornell Medicine

Applications are invited from chemistry, biochemistry and chemical biology undergraduate freshmen, sophomores, and juniors interested in pursuing research at the interface of chemistry and biomedicine.

The 10-week program will begin on June 4, 2018 and end on August 10, 2018.

Participants will:

- Adapt their chemistry skills to answer biomedically-focused research questions in cutting-edge laboratories at Rockefeller University, Memorial Sloan Kettering Cancer Center, and Weill Cornell Medicine
- Interact with faculty, postdoctoral fellows, and graduate students
- Attend a weekly luncheon seminar series of presentations by faculty
- Attend professional development workshops
- Present a poster at the end of the program
- Receive a stipend of \$4,000, as well as reimbursement for local travel expenses (housing will not be available)

For more information, see a full description of the program at:

chembio.triiprograms.org/about-tpcb/summer-internship

Students can complete and submit an online application at:

sam.mskcc.org/ChBSP

Deadline for receipt of applications: February 2, 2018
