

Mental Health & Wellness Resources

TPCB and the Weill Cornell and David Rockefeller graduate schools recognize that students may face mental health issues at any time during their training. These can arise from a variety of factors that may or may not be directly related to their graduate studies. To support our students, TPCB provides extensive mental health and wellness services through the graduate schools.

TPCB students who desire support are encouraged to contact the Program Director or Program Coordinator, who will coordinate support and connect them with the appropriate professional staff. Students may also directly contact the graduate school deans or professional staff listed below if they prefer. These staff can also provide referrals to external medical professionals.

	Derek S. Tan, PhD TPCB Program Director tand@mskcc.org 646-888-2234 (o) 646-228-1777 (m)	Provides academic oversight for all TPCB students and coordinates support services with the graduate schools
